If two drivers holding the same reserved number request that number for the same run group, the number will be assigned to the driver with the earliest request. At noon on April 6<sup>th</sup>, all unused reserved numbers will be available on a first-come, first-served basis. All three-digit car numbers must start with 1, i.e.: 1XX. Failure to follow the direction of the Paddock Marshal or their designate regarding paddock parking or activities may result in expulsion from the facilities.

Drivers may be held responsible for harm to property, including damage to the track and to the environment. Fees charged for the removal / disposal of hazardous waste or used tires will be assessed to the responsible driver.

- K. **DISABLED CARS:** Disabled or damaged cars may be removed from the course and delivered to a central location. Cars disabled due to a mechanical failure will be released to the driver/crew immediately. If the car requires wrecker support to return to its paddock location, there may be a delay depending upon the availability of wreckers or flat tows.

will be black flagged, and lose qualifying times for that session. You may attempt repairs and re-enter, but times prior to the black flag are lost. During the race, if your car has a sound reading in excess of 102dB three or more times, you will be black flagged, and moved to last finishing position with a loss of event points. When possible, during any on-track session, in the event that your car is measured above the maximum, you may be shown a SOUND board with your car number. This is to advise you that your car has exceeded the limit and is not a penalty – rather, an advisory to provide an opportunity for you to address the issue. For your information, sound readings will be posted at the Pavilion.

#### IV. QUALIFYING AND RACES:

- A. **GRID:** If qualifying is not run for a group for any reason, the Chief Steward shall determine the method of setting the grid for the race. The fastest qualifier in a race group who selects the “outside pole” (per GCR) must notify the Grid Marshal at the front of the field **before** the five-minute warning is given to that race group. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the Operating Steward, be held at pit out and released at the end of the pack after the field has completed the first scheduled pace lap.
- B. **JUDGES OF THE FACT:** Any starter, steward, or timing person in an appropriate location as determined by their chief or Race Director/Chief Steward are designated Judges of the Fact for starts and finishes per 5.11.3
- C. **TIMED SESSIONS:** For qualifying, the clock will start when the first car crosses the pit lane timing line. Depending on the circumstances, the Chief Steward may direct the clock to continue to run during black flag ALL in a timed session
- D. **START/FINISH:** The race will begin and end at the stripe in front of Timing and Scoring
- E. **LAST LAP INDICATOR:** When possible, a “1 to Go” sign and/or waving white flag will be displayed at start / finish to indicate the last lap has begun. The failure to display a last-lap indicator is not protestable.
- F. **FULL COURSE YELLOW PROCEDURES:** Upon display of the full course yellow, the race leader must slow to typical pace car speed (approximately 40-50 mph) and gather the field behind as soon as practical. Trailing cars must pack up behind the leader, using caution that cars ahead may be at a much slower pace.
- G. **PACE/SAFETY CAR:** In addition to GCR 6.6.2., the field shall follow the Pace/Safety car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the safety car, the safety car will enter the racing surface at pit out behind the race control building.
- H. **BLACK FLAG:** Vehicles which are leaking/spilling fluids, including fuel, may be black flagged from any session. A driver who is unable to maintain a safe pace during the race may be black flagged.
- I. **BLACK FLAG STATION:** The Black Flag Station at Blackhawk Farms is located at **Turn 6 and Start/Finish**

#### V. IMPOUND:

- A. Impound is located in the parking area in front of the Pavilion.

- B. The top three competitors in each class shall report to impound immediately following the completion of their race.
- C. **EXITING PIT LANE:** All cars will exit the hot pits only at pit out. Those going to impound proceed to the right on the paddock road and turn left into the parking area in front of the Pavilion.
- D. A competitor involved in contact, or who has violated flag rules (yellow, black, red, or checker), must proceed directly to the Black Flag station or impound in the racecar at the end of the session, and report to the steward. All on-track contact (including contact during drafting) that causes a car to act erratically and result in a change of position or a car leaving the course will be investigated.
- E. GCR Section 6.11.1.E now requires drivers involved in significant body contact to stop for review of the incident by stewards. Drivers shall satisfy this requirement by reporting to the Black Flag station on pit lane, or the Race Director or Chief Steward at impound.

### VI. GENERAL:

- A. **RACE LENGTH:** All races on Saturday and Sunday will be 22 laps unless declared a timed race by the Chief Steward.
- B. **EVENT SCHEDULE / RUN GROUPS:** The event schedule or run groups may only be changed by the Chief Steward, with agreement of the Race Chair, depending on pre-race entry counts or as needed to accommodate event circumstances. If changes are made prior to the start of the event, as much notice as possible will be given to all affected competitors. The schedule as published is for planning purposes only. Start times indicated in schedule are when cars are scheduled to be released from grid onto the track. Actual session start times may deviate from the published schedule based on event circumstances. Please listen to the PA system and pay attention to what is happening on track.
- C. **SPLIT STARTS:** Split starts from any group that does not have one indicated in the schedule, are at the discretion of the Chief Steward who must receive a request within 30 minutes after posting of the final grid for the group.
- D. **BLEND LINE:** Cars entering the track from the pits must remain to the right of the blend line, until the end of that line at turn one
- E. **PIT LANE:** All competitors must maintain a slow, prudent speed on pit lane at all times. Use the transit lane until reaching and upon exiting your pit stall. Do not drive through other pit stalls. Tire scrubbing is not allowed at any time in the pit lane and in the transit lane. Tire scrubbing is permitted after the apex of corner one.

Please do not put any equipment in pit lane, including at the pit wall, +/- 10 feet of start / finish, as this may interfere with timing and scoring electronics.

Four crew members (plus the driver) are allowed over the wall to service a vehicle in pit lane, and only two (2) crew members are allowed over the wall for signaling purposes. No crew members are allowed at the pit wall during starts and restarts.

- F. **CLOTHING:** Proper credentials, closed-toe shoes, shirts with sleeves, are required in pit lane, false grid, and on the grid.
- G. **FUEL PROVIDER:** Fuel is available with a credit card at the gas pumps located near Pit Stop Store.
